

## *GRSC 8+8 Rally Report*

August 22, 2021

If the wind dies, let's pray to the wind gods that it doesn't, running your engine for propulsion is permitted. This will enable everyone

to finish regardless of wind conditions!

However, there will be a time tax assessed for doing so.

***You must accurately keep time of how long you ran your engine***

You can take a picture and text it to Nate at 616.502.2113 or bring this report with you to the Celebration after the Rally
